Stains Troops Sweep Lathering Fire—Russ Crash through ice

By NORMAN DEUEL

British United Press. Exclusive Cable to The Edmonton Bulletin.

HELSINKI, Dec. 27—Russian troops, using new methods, sought to smash through the Finnish left wing in a mass attack on frozen lakes today and make the Mannerheim defense line untenable. The Finns had long foreseen such an attack and were prepared. Their machine guns had a clear field of fire across the lake; their field guns crashed into the ice to drown whole groups of attackers.

BRITAIN PLANS BIG MINEFIELD ON EAST COAST

Field For Protection Of
Coastwise Shipping Is
Admiralty Plan

LONDON, Dec. 27—A 100-mile-long minefield blanketing the eastern coast from the Orkneys to the Straits of Dover was announced by the Admiralty today as an explosive-line reply to German mine fields in the North Sea.

The field, to be seven to 40 miles wide, beginning about eight miles from shore, was to be laid in three stages. The first stage was planned as a reply to the automatic mine fields laid by Germany "without notice" in the North Sea outside British waters off the British coast.

MAINTAIN THREE FIELDS

Since mid-September, the Admiralty has maintained three concentric mine fields. One, 35 miles long and 20 acres, is off Scarborough Head. Another is off the Thames estuary, and a third is in the Straits of Dover. A path in the new mine barrage will be maintained for the month of the Thames but ships bound for Scotland ports will be routed around the northern border blanket, outside Myre Firth.

A neutral naval attack said the field should be maintained to ensure that British coastal shipping will be unhindered. It also protects men-of-war in port for repairs and overhauling from the submarine menace.

The United States helped lay a similar mine field known as the "northern barrier" during the first week of the war. It was 160 miles long and 20 miles wide. The number and type of mines to be used, naval sources said, would be more than 200,000 will be necessary for the field of this war.

HAVE NORTH SEA MINED

Britain is currently maintaining a broad mine field off the German coast following the recent withdrawal from the Danish border to the Netherlands border and covering the entrance to the Skagerrak, Kattegat, and the Baltic. The Admiralty has mined the North Sea in a rectangular area starting about 75 miles off Iceland and extending southward to the Dutch coast. It is held probable that the British mine area in the North Sea overlap.

BRITAIN READY CAST WING INTO CONFLICT

Continued from Page One
Continued from Page One
Continued from Page One

The Australian government is building a factory at Sydney to produce American Pratt and Whitney wing engines for the British bomber planes. On land, the troop contribution of the Dominions is to reach big proportions.

RECRUITS POUR IN

Recruits are pouring in for a South African volunteer force "for service within and outside the Union of South Africa." South Africa has recognized the need for a force of her own as an essential part of her defense scheme.

Indian troops are already in Egypt and at Singapore. British garrisons in the East Indies are being supplied by the supply of raw materials. Canada sends rice, wheat, sugar, and other foodstuffs. New Zealand sends meat, butter, cheese and wool.

TRAINING FOR MILITARY UNITS TO BE PUSHED

All District Officers Commanding
Notified Of
New Policy

OTTAWA, Dec. 27—All district officers commanding have been notified of the policy for training units of the non-permanent active militia, the defence department announced today. The policy covers the period ending Oct. 31, 1940.

Special attention will be given to training of officers, warrant officers, non-commissioned officers and specialists, the maintenance of interest of the units and the increasing of efficiency of the order that units or individuals will be available for further war efforts overseas or elsewhere.

Drill will be reduced to a minimum. Training will be given to anti-air, anti-aircraft and fieldcraft training. Streets will be placed on driving and maintenance of mechanical transport. Provision has been made for 30 days training, considerably in excess of the training period authorized in previous years. Home country units will be trained as armoured car units.

Dr. Tory Can Produce
Any Type of Expert For
Dominion's War Effort

OTTAWA, Dec. 27—Something in the manner of the wizard who pulls rabbits out of a hat, Dr. R. M. Tory is preparing new plans of the technical section of the Voluntary Service Registration Bureau, to supply whatever type of technical talent Canada may need for the war effort.

It may be a scientist, or any one of the many types of engineers, even an animal trainer or a water diver, for the army needs. Dr. Tory's brain can supply them.

10,000 ARE LISTED
Less than two months after its organization under Dr. Tory, president of the National Research Council, former head of the National Research Council, has listed the government's dollar-a-year men, close to 10,000 technicians, ready to be called.

"We have had only two requests for technical men for special work at the National Research Council," said Dr. Tory today. "They are the first to be called, but there will be more as the war progresses. I think we have enough to fill any gap that may be needed for technical staff of any type."

"Our job is to classify technicians and assign them to firms or government agencies needing their help. In furtherance of that effort," he said.

"Engineers are classified under the heading 'engineers,' but are broken down into 120 groups. It is the same for chemists, scientists, biologists and others. There are dogs and other animal trainers, war fenders, automobile drivers, mechanical engineers, horse drivers and hundreds of other special types."

"TORY'S TECHNICIANS"
"We won't take a man away from his present job if we can't get him something better," said Dr. Tory, a native of Nova Scotia and former president of the University of Alberta.

During the first great war Dr. Tory organized a body of men to look after education of the Canadian overseas forces. That group became known as the "Khalid College." The nickname this time may be "Tory's Technicians."

**Third Term For
Roosevelt Only
In Emergency**

DETROIT, Dec. 27—Attorney General Frank Murphy, who said last week he expected to be back in Washington "in a day or two," predicted today that President Roosevelt would seek a third term only in the event of a national emergency, and expressed a belief that a "liberal" party would be successful in the 1940 presidential election.

"The Commonwealth has lost no time in giving earnest proof of the sincerity of her aid to us," said Murphy. "Australia has never been so unanimous about anything as about its determination to see this war through to a successful conclusion."

"The arrival of these vanguards from Canada and the Antipodes is a source of great satisfaction to our people," he said. "The Commonwealth has lost no time in giving earnest proof of the sincerity of her aid to us."

Finns Use Skates In Night Patrols

HELSINKI, Dec. 27—The Finns have put some of their night patrols on skates, which enable them to glide silently across the ice to the Russian lines, and in their white cloaks, and harass the Russian troops. Finnish officers specialized in "skating" have been putting Russian lines at 1,200 meters, killing 7,000 wounded, and Finnish losses at 2,000 killed and 10,000 wounded.

It is a military axiom, the Finns said, that the attacker loses more than the defender. Thus, they are the first to be called, but there will be more as the war progresses. I think we have enough to fill any gap that may be needed for technical staff of any type."

"Our job is to classify technicians and assign them to firms or government agencies needing their help. In furtherance of that effort," he said.

"Engineers are classified under the heading 'engineers,' but are broken down into 120 groups. It is the same for chemists, scientists, biologists and others. STROME YOUTH IS KILLED AT COAST

Word has been received at Strome of the recent death of Wilfred Edward Ernest Dumont, 22, at Blubber Bay, B.C. Mr. Dumont, a former resident of Strome, was fatally injured when he fell from a 20-foot staging while working at Blubber Bay. He died a few minutes following the accident. Funeral services were held in Vancouver and interment was made there.

Mr. Dumont was well-known in the Strome district, where he grew up. He took an active interest in sports and attended the Strome school. He was the owner of the Bulletin's first car, a Buick, and he regularly gave his papers regularly for six years. He is survived by parents, Mr. and Mrs. P. Dumont of Strome; two brothers, Norman of Strome and Elmer of Vancouver; and sisters, Mrs. J. Dumont of Strome, Mrs. J. Dumont of Vancouver, and Mrs. J. Dumont of Vancouver. He was a member of the Strome school and the Strome school.

New Makeup Exotic As Tropical Island

Home Service

Realm of Dreams
Escaping to Exotic

With Europe closed as a source of inspiration to designers of clothes and cosmetics, they are turning—quite cheerfully—to North and South America and nearby islands for new colors, new ideas.

New at the moment is tan makeup for the sunny south, created by a famous cosmetic house and inspired by the combination of golds and burnished reds on one of our own sun-drenched islands—Puerto Rico.

It includes a makeup film which will give a pale face the warm, glowing light so necessary with the smartest southern resort clothes, and a tan powder to add a golden, dull tan finish.

COPPERY LIPSTICK

The lipstick to be worn with the golden tan makeup film and powder has a brownish copper undertone, with a shimmering, iridescent, coppery color.

Nail lacquers and rouge match. Brown mascara and cool green eye shadow are suggested for wear with the tan powder and the coppery lipstick and rouge.

This makeup is particularly good with white, yellow, the new vivid blues and Cafe Rio, a warm, arid brown.

One beauty expert says that women who wear tan makeup and tan dresses and hats in pale, soft colors with fur coats in the north these days need little makeup at all.

It is not that a skillful woman can achieve a natural-looking, sun-kissed complexion by any other.

And don't forget that "natural" is the key word in the new tan makeup as well as in the new tan dresses.

In our 32-page booklet, a well-known psychologist throws light on the whole field of drama. Gives interpretations of symbols and typical dream helps you get clues to your hidden problems.

Send 15c in coins for your copy of "The Meaning of Dreams" to Home Service, The Edmonton Bulletin, Edmonton, Alberta. Be sure to write plainly your Name, Address, and the Name of booklet.

Sonnysayings

When you are waitin' for dinner, don't Time just seem to go to sleep on the job?

Animal Crackers

"Who said, 'Don't take any wooden nickels!'"

Man Willing To Sacrifice Eye To Avoid Deportation

WAKEFIELD, R.I., Dec. 27.—Mrs. Mabel Northup, 45, resident of Wakefield, R.I., who is the wife of an alien, disclosed that an Albanian held by Boston immigration officers had offered to give up one of his eyes if she would intervene to save him from deportation.

Mrs. Northup has undergone eight operations in countless painful efforts to regain her sight.

She said she had received a letter from the man, who identified himself as Paul Hayden, 45, a resident of Waterville, Conn., for 20 years in which he said he would be willing to sacrifice an eye if it would help him to remain in the United States.

Senator Norris Never To Seek Office Again

WASHINGTON, Dec. 27.—Senator George Norris said Tuesday that he would never seek public office again when his present term expires in 1941.

The independent senator from Nebraska, after 27 years in the United States Congress, said in an interview that "my work is done."

Norris in 1917 was one of a band of senators who filibustered to death President Woodrow Wilson's neutrality bill. He voted against the United States' entry into the war in 1917 and for rearmament, even in Nebraska, as a traitor.

TWO TURBAN TOPPERS To Match Time Fashions

By MRS. GAYNOR MADDOX

Please print quickly one more easy candy recipe and a good sauce for your plum pudding. Write a reader in a last minute New Year holiday rush. Here they are:

ORANGE FRUIT PASTES
(Makes 2½ pounds)

Three-quarters cup ground unpeeled oranges, ½ cup orange juice, 2½ cups apple sauce or stewed fruit or dried apricots or peaches, ½ cup liquid petrol, ½ cup light corn syrup, 2 cups sugar.

Cook oranges, orange juice and cooked fruit for 20 minutes, stirring often. Use a large kettle, preferably galvanized. Add petrol, corn syrup and sugar. Cook 15 to 20 minutes longer, stirring constantly.

When mixture is consistency of a thick preserve, pour 1 cup deep into a shallow tin. When cold, cut into squares or other desired shapes. If wished, roll in powdered sugar.

LEMON SAUCE
(About 2 cups or 8 servings)

One cup sugar, 2 tablespoons cornstarch, 1 teaspoon salt, 1 cup water, 1 cup milk, 1 egg, 1 tablespoon butter, 2 lemons, including both grated rind and juice.

Mix sugar, cornstarch and salt together in a saucepan. Add water. Stirring constantly, bring to a boil and then add milk for 5 minutes or until no starch remains, stirring all the time.

Remove from heat and add egg and well beaten egg and butter. Mix together very thoroughly.

Remove from lemon and add the juice. When the sauce is cool, add lemon rind and juice. Serve cold.

Tomorrow's Menu

BREAKFAST: Tangerine and grapefruit juice, brown rice, brown rice muffins, gooseberry jam, coffee milk.

NEW YEAR DINNER: Fruit cup, roast turkey, soft rice, dressing and giblet gravy, cranberry sauce, mashed potatoes, butter, squash, creamed onions, celery, radishes, pickled olives, cranberry sauce, mixed salad, plum pudding with lemon sauce, grapes, nuts, coffee milk.

SUPPER: Creamed turkey hash, corn bread, baked currant jam, tangerines, apples, tea, milk.

Send 15c in coins for pattern. Write plainly your Name, Address and Style Number. Be sure to state Size you wish.

Address order to: The Edmonton Bulletin, Pattern Department, Edmonton, Alberta.

Over one hundred brand styles...

Style No. 3082 is designed for one size (22 inches) adaptable to any figure.

Requires ½ yard 39 inch material.

Draped skirt requires 1½ yard.

TODAY'S MARKETS

Toronto Stocks

TORONTO, Dec. 27.—A buying rush in the stock market today followed the best level in months today. The market was generally strong, with many stocks showing gains. The Canadian National Railway stock led the gains, rising 1/2 point to 125. Other notable gains were seen in the steel and automotive sectors. The market closed with a strong upward bias.

ITA, CHURCH MAY WORK TO SECURE PEACE

Political Collaboration Is Suggested by Writer Close to Ciano. ROME, Dec. 27.—Giuseppe Ansaldo, a journalist, said to be close to Foreign Minister Benito Mussolini, was quoted by the Catholic newspaper *Avvenire* yesterday as suggesting political collaboration between the Italian government and the Holy See in the interests of peace.

Political Collaboration Is Suggested by Writer Close to Ciano

ROME, Dec. 27.—Giuseppe Ansaldo, a journalist, said to be close to Foreign Minister Benito Mussolini, was quoted by the Catholic newspaper *Avvenire* yesterday as suggesting political collaboration between the Italian government and the Holy See in the interests of peace.

Avvenire quoted Ansaldo as suggesting a possibility was intensified in the light of the visit Pope XII will pay to Italy's capital.

Ansaldo was quoted as saying: "The Catholic Church can never desire any solution of the crisis which would diminish Italian prestige and power. Conversely, the Italian state can never passively tolerate that any political or social organization should prevail in Europe which fights Catholicism, impedes its free practice, humiliates it, bans it and massacres its priests."

Ansaldo said, however, that the Catholic Church should not be "blindly obedient" to its hierarchy, but should use its influence to save western civilization from shipwreck.

The Pope has conferred the order of the gold spur on Ciano, it was disclosed last night. In a telegram to the Italian press, the pope said that he was pleased to confer the honor on Ciano.

Romance Gets Verdict Over Diplomat Job

MEXICO CITY, Dec. 27.—Balthazar gave up the foreign service today, a United States diplomat, married the daughter of one of Mexico's aristocratic families. Because of the state department's ban against marriage of diplomats to foreigners, Norman Christensen was denied permission to wed Senora Anna Yvonne de Palma while he was stationed here.

C.N.R. Revenue Is Up By \$12,043,934

MONTREAL, Dec. 27.—Increase of \$12,043,934 was reported Tuesday by Canadian National Railways in net revenue of \$17,000,000 for the first 11 months of 1939 compared with \$5,000,000 for the corresponding period last year.

For the 11-month period this year, operating revenue was \$14,773,960, an increase of \$1,714,186, and operating expense was \$16,680,000, an increase of \$5,674,064.

Nevertheless, Ansaldo said, the Catholic Church should not be "blindly obedient" to its hierarchy, but should use its influence to save western civilization from shipwreck.

The Pope has conferred the order of the gold spur on Ciano, it was disclosed last night. In a telegram to the Italian press, the pope said that he was pleased to confer the honor on Ciano.

Historic Scenes As Their Majesties Captured Canadian News Spotlight

As this year draws to a close the greatest Canadian news story of the year still remains the historic visit of King George and Queen Elizabeth to these shores—the first time in history that a reigning British monarch ever visited Canada. With the Empire now engaged

in a life and death struggle to smash the terroristic reign of Hitler and his government and to restore the rights of smaller and weaker nations, the memories of the graciousness of Their Majesties burn in the hearts of Canadians. Now faced with the difficult task of regu-

ling over an empire engaged in the grim task of fighting a war against a terroristic regime, Their Majesties are tirelessly working at self-appointed war tasks which leave them little time for their own personal affairs. These pictures of Their Majesties, made during their

visit in this Dominion last summer, were picked at random to depict the various episodes in the history-making tour that once and for all stilled the tongues of the cynics and said that the senior Dominion was drifting away from the shoreline.

Dutch Troops In Trenches

Dutch troops entrenched on German border. At Holland's German frontier, where Nazi troops are reported concentrating, Dutch soldiers in trenches and behind barbed wire, above, keep a constant watch.

Engaging

The engagement of Mary Averell Harriman to Dr. Shirley Fink, New York physician, was announced recently. The prospective bride is the daughter of William Averell Harriman, New York chairman of the board of the Union Pacific Railroad, and a granddaughter of the late Edward H. Harriman, famed financier and railroad promoter.

Friends From The Start

Members of the first contingent of Dominion troops to arrive overseas with a pair of English youngsters "somewhere in England." Canadian Expeditionary Force, led by Major General Andrew McNaughton, made the transatlantic voyage unimpeded by German U-boats.

Mars' Christmas Card

Humble cottages and a landscape tranquil under its blanket of snow make this view of a Finnish village seem like a conventional Christmas card—until you notice the billowing black smoke. That's from farmers' homes, ablaze after a bombing by Soviet fliers.

Next Admiral

Admiral James O. Richardson, 61, known to navy men as "Uncle Joe," will take over command of U.S. fleet Jan. 8. He succeeds Admiral Claude C. Bloch in navy's second highest position. Admiral Bloch will become commandant of 14th naval district and navy yard, Pearl Harbor, Hawaii, in April.

Appointee

Announcement was made from Ottawa recently of the appointment of Lewis A. Winter, above, Toronto life insurance executive, as controller of the Canadian Red Cross. Norman Sommerville, national chairman of the R.C.M.P., made the announcement.

Nazi Bomber Cracks Up --- In Four Parts

Four blazing sections scattered over a wide area, testify to the terrific force with which this downed German plane crashed. It was a streamlined Heinkel, shot down over the Western front by a French Curtiss pursuit plane.

McLemore Boils Over As Brass Blowers Left Out

By HENRY McLEMORE

A BILENE, Texas, Dec. 27.—With its team unbeaten, untied and unscathed upon, the Tennessee Athletic Association must have decided it had to be "un" something or other. After what must have been taxing thought it evidently hit upon being ungracious.

The first move in this direction was to tell the members of the board who had pulled and huffed behind the association went to California, the season that they weren't going to be taken to the Rose Bowl and could stay at home and practice alone next year to cheer the team come next football season.

CUT DOWN PAGES

Glenn Davidson's hearts of these young men who naturally didn't want a free trip to California, with all its upsetting excitement and fun, the association went to California, the season that they weren't going to be taken to the Rose Bowl and could stay at home and practice alone next year to cheer the team come next football season.

But let's not express any opinion, one way or another, about the Tennessee Athletic Association. After all, it's their own affair and it makes me fighting mad to see a sports writer express his opinion of somebody's else's business. I can't help but feel, however, that if I had been given my all to a team here for four years and then didn't get the trip to the Rose Bowl, I would use it to make somebody the largest brass knuckle he had ever worn.

But enough of this. Let me tell you of the great migration west by Tennessee. Even if only the 10 players get there on New Year's day, the volunteers won't lack for support. Driving to warm California these days is just like moving with a great caravan. Every car has a Tennessee license, and every car is picked with Tennessee posters.

REAL HOT BETTORS

They make bets on the volunteers against the Southern California Trojans at every filling station. This afternoon I stopped for gas today I'd stop out and get into it not argument over the game. When I adjusted my motorizing goggles and dusted off my liner dust at yesterday's last stop, I realized that I had risked \$12 of my Santa Anita nest egg on the Trojans. Against my will, I'd go, because I'd like Tennessee to win the game.

I couldn't resist the points the boys were giving. They certainly love their team. One fell foul poked his head from a trailer and gave me the Trojans and seven points as I adjusted the spunk ratchet of my machine and scored past him on a hill. You just can't beat these Tucson roadsters. Tomorrow, when I resume travel with the great Tennessee Trojans, I am not going to be so free with my money. A team that is so acrobatic bent on its task that it can't bear the frivolity of band music, and is so confident that it is only taking a small squall, is mighty hard to bet against.

Dodgers Get Boze Berger

BROOKLYN, N.Y., Dec. 27.—Brooklyn Dodgers of the National Baseball League announced Tuesday they had acquired infielder Louis "Boze" Berger on waivers from Boston Red Sox of the American League.

Believe It Or Not -

By Robt. Ripley

LITTLE JACK HORNER'S PLUM!
*Little Jack Horner sat in a corner
 Eating his Christmas pie,
 He stuck in his thumb—AND
 The PLUM HE PULLED OUT WAS THE DEED TO THE
 MANDOR OF MILLS, WHICH HAD BEEN BAKED IN THE
 PIE TO BE PRESENTED TO KING HENRY VIII BY THE
 ABBOT OF GLASTONBURY.*

EXPLANATION OF TODAY'S CARTOON
 LITTLE JACK HORNER'S PLUM: Richard Whiting, Abbot of Glastonbury, sent the pie to Henry VIII on Christmas 1538. In the pie were baked 12 deeds to 12 estates belonging to the monastery. The abbot hoped that Henry, who had by this time confiscated all the lands belonging to the monasteries with the exception of Glastonbury, would let him keep the rest of the land. The pie was sent by a peasant, who was known affectionately as Little Jack Horner. Horner delivered only 11 deeds within the pie. The 12th deed, covering the village and manor of Mellis near Frome, was kept for himself. It is called a plum because it was worth 40,000 pounds to one plum. It is a definite figure meaning a million lives (40,000 pounds). The Horner family still own the plum.

Spotlighting the Sport Girl

OUR sports chief commented to

writing copy on Christmas night,

we feel that even writing copy

on the day "let" should have

some consideration. Helen Stephens

is reported to obtain a bride of five

feet but we feel more like five feet

of soft bed. Just entirely too

much of turkey was members' di-

gnosis.

And there was the pleasure lo-

of spring and reading the score

let's see: that's 48; and more

scores (that's more than 96) and

count of messages which ranged

from Boston and Washington to

Los Angeles and Victoria and

even from down north. Well, we

cannot list them like flowers at a

funeral, but we will be able to

have the list and read it to you

in the 1940 days to come.

DURING the past week we re-

ceived a letter from Miss Jean

Ward, secretary of the new Cana-

dian Girls Athletic Club, in which

she outlined some of the proposed

activities for their object and gave

a rather imposing list of well

known citizens who have offered

encouragement in their ef-

forts towards their slogan "For Bet-

ter Sports."

We understand that this new

club will in no way interfere with

the Edmonton Girls Athletic Club,

which is another organization

which devotes itself to two

years in track and field only. Its

members setting a number of Al-

berta records. There is none

other in the sports field for all

these girls' efforts, and friendly

competition will aid much for

wards Edmonton's reputation as a

sports center.

AND are you girls mentioning the

proposed Edmonton home com-

ing week for the end of June in

your various correspondence? You

will realize that many of these out-

of towners will need time to plan

travelling to the city. Some of the

local housewives would also like to

know in advance. Personally, we

should have liked the week to have

been dated the first week of July,

as that generally will not close

until June 28, and we have had

work from two families already

who they could not make the June

date.

It hardly seems possible that

the proposer of the Home Com-

ing did not want the children

or the local teachers who will

be kept at school elsewhere.

Perish the thought.

MYRTLE Cook, in her Montreal

column, writes quite a

paragraph on professional sports

for girls, and thinks the trend is

coming, and quotes authorities that

girls, given the same accommoda-

tion, newspaper publicity, equip-

ment, and some time in the

states must be convincing a senti-

ment already from what she

hears.

she asks locker room conver-

sation: First girl: "Where do you

go to change?"

Second girl: "In the locker room."

Third girl: "In the locker room."

Fourth girl: "In the locker room."

Fifth girl: "In the locker room."

Sixth girl: "In the locker room."

Santa Claus Visits Hospitals, Too

The prospect of spending Christmas in a hospital is not an appealing one, but Santa Claus gets around everywhere, and in the children's wards in the city hospitals he is a very busy man. Here is a picture taken at the city's largest hospital, the Royal Alexandra, showing some of the little tots gathered around one of the Christmas trees in one of the specially decorated children's wards awaiting the arrival of the jolly old gentleman with the white beard and the red coat.

REV. BOETTCHER IS HONORED BY CHURCH PEOPLE

Members of the Grace Lutheran church congregation held a reception Tuesday evening in Concordia College in honor of the pastor, Rev. H. J. Boettcher, who is leaving at the end of the month for Minnesota. Rev. Boettcher, who has been prominent in Lutheran church work here for the past 12 years, will become director of Christian education for the Lutheran church in Minnesota.

Speakers were Prof. J. H. Herrell, Val Kulak and John Knebel. Gordon Guthrie acted as chairman. Reference was made by the speakers to the work done by the pastor during his years in Alberta, and regret was expressed at his departure.

Sportsmen Defend Job Being Done By Ducks Unlimited

Sportsmen here rallied quickly Tuesday to defend the work being done by Ducks Unlimited, American-financed conservation organization, against charges made by R. E. Turnbull, C.C. of Regina who claimed in a recent statement that the society was giving a monopoly of duck hunting to Americans.

Leonard F. Wain, president of the Alberta Fish and Game Association, pointed out that not only would Canadian hunters benefit from the work, but that such projects as restoring water levels would benefit farmers and others as well.

Garage Razed

Fire of undetermined cause destroyed a garage at the foot of 8013 124 avenue, and an auto and meat grinder belonging to Geoffrey Webb shortly before noon Tuesday. Firemen from No. 5 and No. 7 fire halls under the direction of Deputy Fire Chief Alf Hargrove used three lines of chemical hose to keep the flames from spreading to nearby buildings. The garage was owned by H. G. Marks. There was no insurance.

Hockey Practice

All juvenile hockey players in the city who would like to try out with the E.A.C. juvenile select team should attend a practice at the city skating rink starting at 7 p.m. Wednesday, according to an announcement made by Cliff Paul, coach of the club. He stated that all players would be welcome. Cliff is the brother of Reg. Paul, coach of the club last year.

Christmas Tree

Edmonton Married Ec-Servicemen's Association will hold its Christmas tree party this afternoon (Wednesday) in the Municipal Hall. In the evening a dance will follow.

CITY IS BACK TO NORMAL AS HOLIDAY OVER

Celebration of the long Christmas holiday weekend completed. Edmontonians returned to normal Tuesday, and resumed their workday labors.

Splendid pre-Christmas business had put all in a good humor and the return to work Wednesday saw immediate preparations being made for the New Year. Most had enjoyed a three-day holiday—Sunday, Monday and Tuesday.

Provincial government employees returned to work at 9 a.m. following probably the longest holiday observance in their history. They had four days, closing at 5 p.m. last Friday so that they could assist in the pre-Christmas business by shopping all day Saturday.

Mrs. M. A. Blilut Dies In Edmonton On Christmas Day

Basal also was held for Mrs. Mabel Alice Blilut, wife of Walter Blilut, justice of the peace at Grimshaw, Alta., from Foster and McGraw's chapel Wednesday afternoon with Rev. G. P. Gower officiating. Mrs. Blilut died in the city Christmas day.

Born in the city of Jersey in 1888, Mrs. Blilut was married in 1913 and came to Canada in 1914. She had resided at Grimshaw with her husband for the past 11 years. Her husband first came to Canada in 1908. Mrs. Blilut was an active member of the Anglican church at Grimshaw and belonged to the Anglican W.A.

Continued Cold Forecast Again City District

It might have been cold yesterday, but temperatures here slunk closer to the zero line. Minimum reading during the day was just eight below at 4:30 a.m. High was four above. I want cold last night, either. Lower the mercury tonight this morning was four below at 2:30. By 8:30 a.m. it was down to 15 below. "Continued cold," says the weather bureau.

Weather in the far north warmed a bit overnight. Red fluid at Edmonton was only eight above last night. Cold spots were Norman and Smith with five below and two below, respectively.

Near north weather this morning was reported much clearer with a temperature range of 15 below to 18 above.

GYRO MEMBERS HOLD CHRISTMAS PARTY AT HOTEL

Annual Christmas party of the Gyro Club was held Tuesday at the Macdonald hotel with 120 persons taking part in the festive program. Children and wives of members, as well as friends, were present.

Chairman of the banquet was T. G. Brown, club president. Committee in charge of the program was headed by Ben Mauder. Other members were Capt. A. H. Grant, E. T. Richardson, Hugh Black, and T. G. Brown.

New Diesel Bus Put In Service On 102 Avenue

Edmonton's new diesel bus arrived in the city over the holiday weekend and was put into service by the street railway department as a spare coach on 102 avenue in the west end. Smart and modern, with air-controlled doors at front and centre, the bus seats 28 passengers and will carry an equal number standing. It is powered with a six-cylinder diesel engine and has a special heating system, specified by the department here for Edmonton winter conditions. Capt. Thomas Ferner said.

Post Office Has New Record For Christmas Mail

Mail deliveries here last week were some 25 per cent. higher than for Christmas of 1938, and set an all-time record for Edmonton postal officials reported.

Nearly 1,700,000 pieces of outgoing letter mail were handled during the week, with 26,942 parcels. The cancellations machine handled 1,129,500 letters and greeting cards as compared with 1,111,000 for the same time last year ago.

More than 25,000 parcels were delivered in Edmonton. There was heavy increase in air mail late in the week, the twice-daily airmail-bound mail carrying approximately 100 pounds of first class mail.

Store Opens at 9:00 a.m., Closes at 6:00 p.m. Daily. To Call EATON'S Dial 9-1-2.

EATON'S YEAR-END CLEARANCE
